

GLOBAL LINK PROJECT

World Vision

ADP – Cobocol, Haiti

A partnership with World Vision Canada to sponsor 50 children for 3 years. Our focus is in the Central Plateau region of Haiti. The area development project we are partnering with is the community of Cobocol.

Sponsored children are chosen in collaboration with the Local community. Asking community members to identify the poorest children in their midst helps develop a better understanding of who is poor and why. As the development work unfolds, programs are available to all children in the community – whether sponsored or not. In this way, child sponsorship acts like a door through which Canadians support not only individual children, but an entire community.

World Vision uses an approach called transformational development to help communities work toward self sufficiency.

**Our vision for every child, life in all its fullness.
Our prayer for every heart, the will to make it so.**

WELCOME

On behalf of, the children of Haiti, we welcome you to this special evening called **A Voice for Haiti**.

On Tuesday, January 12th at 4:53pm a 7.0 magnitude earthquake brought devastation to the nation of Haiti. For many in our province and region there are personal connections to Haiti. From our community of Chipman, Laura Chatterton, a member of CLC, Heidi Billington and Bernie Zebarth of Fredericton as well as, two members from World Vision Canada were in Port Au Prince, Haiti at the time this catastrophe struck, on a World Vision Global Link Mission Project.

Their trip ended with safe return on Saturday, January 16th and the team is now learning of the extensive destruction and death this earthquake brought to Haiti.

Now, as the world is responding with relief and aid our community can play a role and make a significant contribution to Haiti.

Thank you for your generosity,

Pastor Dennis Sisco
